- a. Note: Course number 12969, OLA Study Hall, has been created as a place holder for scheduling purposes in Infinite Campus. Grades for OLA Study Hall are to be posted NM (No Mark).
 - b. OLA Skills Development courses are to only be used with students needing remediation and/or support with low level skills. Level A classes = 6th grade, Level B classes = 7th grade and Level C classes = 8th grade. These courses may not be used for credit by students performing above these grade levels.
 - c. The Pre-Calc W/Trig classes may only be used for credit recovery and do not carry the honors designation.
2. Students with modifications due to IEP/504: students whose course work is modified through an IEP/504 must receive the AE designation. The AE is added after the OLA in the course title. For example, course number 12461 OLA ENGLISH 1 becomes course number 12461 OLA AE ENGLISH 1. This modification is made by the Registrar at the time of posting. The Registrar does not make the modification without written request from the teacher making the modification. The written request must be placed in the student's cumulative file. Students who inappropriately receive credit using OLA AE who are not on an IEP/504 will have the credit removed from their transcript and teachers inappropriately authorizing OLA AE credit will be subject to disciplinary action.
