## **PROCEDURE**

1. District high school students are permitted to earn physical education credit by participating in instructor-led group classes at an approved fitness facility as predetermined by the Extended Studies Department under the following protocols:

  - d. Classes under one (1) hour may not be rounded up. For example, a 45-minute class does not count as 1 hour.
  - e. Students may count up to two (2) hours of instructor-led group classes per day.
  - f. A student may earn only .5 credit through PE Options per semester; with a maximum of two (2) credits (physical education credit) earned in total through PE Options in his/her high school career.
  - g. Satisfactory / Unsatisfactory (S/U) grades are awarded for PE Options and do not affect the student's grade point average (GPA).

- b. The following must be submitted to Extended Studies Office within five (5) business days after registration has been completed. These must be turned in before participation hours will be counted. Failure to fully and properly complete and submit the following documents will result in the student's forfeiture of the opportunity to earn credit through this option for the semester.
    - i. Students must attend classes at a gym facility from the Extended Studies approved facilities list. See the approved facilities list found on the Extended Studies website.
    - ii. Students must submit the registration form to Extended Studies.

    - ii. A group class schedule from the gym must be attached monthly to the PE Options Attendance Card. The classes that the student attended must be circled to match the hours submitted.
4. One (1) week before the end of the semester the following must be submitted to Extended Studies:
- a. PE Options Attendance Card showing the student completed the minimum of 60 hours.
  - b. Documentation of ALL HOURS completed.

They must submit the Application for Facility Participation in the District’s PE Options Program and the PE Options Facility Expectations and Responsibility Signature Page.
