

**COMPETITIVE SOLICITATION REQUIREMENTS FOR PURCHASES
USING FEDERAL FUNDS SUBJECT TO 2 CFR 200.030
AND 2 CFR APPENDIX II**

Responsible: Purchasing Department

PURPOSE

This Administrative Procedure shall provide the necessary guidance for the Purchasing Department to comply with state and federal laws and regulations related to purchases of products and services utilizing federal monies by Washoe County School District (District). In the purchase of products and services described in this procedure, the District shall comply with the strictest of the applicable law, whether that is local, state, or federal law/regulation.

PROCEDURE

1. The purchase thresholds for the categories listed below are established by the U.S. Office of Management and Budget (see 2 CFR § 200.320) and are periodically adjusted for inflation.
2. *Micro-Purchases* are purchases that are less than \$10,000. Micro-purchase refers to the purchase of products or services using simplified procedures. The Purchasing Department is not required to utilize the formal solicitation processes for micro-purchases; however, it shall make an effort to be equitable among vendors.
 - a. This process is used in order to expedite the completion of low-dollar small purchase transactions and to minimize the associated administrative burden and cost.
 - b. For Micro-Purchases, the District's Purchasing Department applies a more stringent threshold requirement at greater than \$5,000 wherever practicable rather than \$10,000. The \$5,000 threshold is stricter than both the federal regulations and NRS 332.
 - i. The assigned Buyer will process a Micro-Purchase through the Purchasing department's Non-Capital Informal Quote Request Procedure where practicable.
3. The *Small Purchase* threshold is \$10,000 or more and less than \$250,000. Small purchase procedures are methods for securing services, products, or other property in an aggregate amount of \$10,000 or more, but less than \$250,000.
 - a. For *Small Purchases*, the District's Purchasing Department follows the same procedure *Micro-Purchases* over \$5000, which is the Non-Capital Informal Quote Request procedure.

- b. If *Small Purchase* procedures are used, price or rate quotations must be obtained from an adequate number of qualified sources.
- c. Every effort will be made to obtain at least three (3) quotes (more are acceptable).
- d. If the department and/or requestor can demonstrate that multiple (more than three (3)) quotes were requested, but at least three (3) were not obtained, the quote can be processed with 2 upon presentation of documentation to the Purchasing Department.
- e. If the department and/or requestor is unable to secure at least two (2) quotes, an exception/exemption for sole source or insufficient competition may be applicable and the Purchasing Department should be contacted for guidance.
- f. The Non-Capital Formal Request for Bid ("RFB") process or Formal Request for Proposal ("RFP") process may not be required for *Small Purchases* unless the state law is stricter and the purchase is applicable to state law.
 - i. When purchasing products that are subject to state law (Nevada Revised Statute ("NRS") Chapter 332, Purchasing: Local Governments), the District shall follow federal guidelines unless that state law is stricter.
 - ii. For any one-time or aggregated annual cost of a purchase is \$50,000 or greater, the District will require a formal sealed bid, using the Non-Capital Request for Bid Procedure unless the purchase is exempt from NRS 332.
- g. If the purchase is \$250,000 or more, sealed bids or competitive proposals must be used (lower thresholds may apply if the purchase is subject to NRS Chapter 332, Purchasing: Local Governments), and the following requirements apply:
 - i. The sealed bid process is facilitated through and handled by the District's Purchasing Department. Schools and departments are not permitted to do their own sealed bid process.
 - ii. Bids must be solicited in accordance with the District's Purchasing Department's procedure(s), NRS 332, and federal regulations.

4. Exceptions/exemptions to the federal regulations outlined in this procedure are limited to the following:
 - a. The item is available only from a single/sole source (complete sole source documentation must be submitted);
 - b. The public need or emergency for the requirement will not permit a delay resulting from competitive solicitation;
 - c. The federal awarding agency or pass-through entity expressly authorizes noncompetitive proposals in response to a written request from the non-federal entity; or
 - d. After solicitation of a number of sources, competition is determined inadequate.
