BOARD POLICY 4505

STANDARDS OF PROFESSIONAL CONDUCT

PURPOSE

The Board of Trustees (Board) is committed to maintaining high standards of professional conduct and ethics. This Board Policy sets forth the Washoe County School District's (District) standards of professional conduct and the processes used to address unacceptable behavior and related employment issues in the workplace, or outside the workplace when conduct impacts an employee's ability to do his/her job and/or influences the District's overall effectiveness.

DEFINITIONS

1. "Conflict of Interest" is the private or personal interest of a public officer or employee, or of someone close to a public officer or employee, that is sufficient to affect his or her independence of judgment or the objective exercise of public duty.
2. "Duty of care" is the obligation to maintain the security, well-being, and safety of others.
3. "Duty of loyalty" means conducting oneself based on the principle of doing no harm to the District as a result of one's actions.
4. "Ethics" is defined by Oxford Dictionaries as "moral principles that govern a person's behavior or the conducting of an activity." Under Nevada state law, the Code of Ethical Standards is established through Nevada Revised Statutes (NRS) 281A.400 through 281A.430.
5. "Good Faith" refers to the employee's belief that the conduct reported was a violation of law or District policy/regulation; and that belief was reasonable in light of the employee's training and experience.
6. "Third Degree of Consanguinity" are family relationships included within the third degree are children, grandchildren, great grandchildren, parents, brothers, sisters, nephews, nieces, grandparents, uncles, aunts, and great grandparents. Consanguinity can be by blood (birth), marriage (stepchildren, etc.) or adoption.

7. "Third Degree of Affinity" the degree is the same as the degree of underlying relationship by blood. For example, a husband is related by marriage (affinity) to his wife's relatives in the same way that she is related to them by blood (sanguinity). Divorce or death terminates relationships by affinity created by a marriage unless a child of the marriage is living. If a child of the marriage is living, the marriage is considered to continue until the youngest child of that marriage reaches the age of 21.
